

Delta Modular

An adaptable solution for functional
and cohesive bathrooms

Mix, combine and configure

Delta Modular is an elegant furniture solution designed to conceal the cistern and installation system of a wall-hung toilet without any construction work. Modules can work together or individually, allowing you to mix, combine and configure each element to match your vision. Adapt it to your space and style, so the only thing you need to focus on is making it yours.

Made to Match

Sharing the same DNA across the collection, each Delta module is consistent in its design language. Its precise proportions, clean surfaces and harmonious finishes are present in every piece, so that the space looks like it was built as one, no matter how you put it together.

Ona base unit with two drawers in matt green, basin in white, Ona faucet and Hotels Round accessories in matt black, Mirai Comfort mirror, Delta Modular WC unit + Duplo S, top unit with two doors and side cover in matt green, Ona wall-hung toilet in white with PS2 dual flush plate and Hotels Round toilet roll holder in matt black.

Integrated Into One

Delta Modular fits naturally into any bathroom. It takes care of the toilet area, and the rest of the Roca range is there to fill in the picture with furniture collections, mirrors, faucets, accessories and toilets, all designed with the same attention to quality and detail.

Delta Modular WC unit + Duplo S in light ash, top and bottom units with one and two doors in matt white, Ona wall-hung toilet in white with PS4 dual flush plate in matt black, Verso base unit with two drawers and auxiliary module with two open shelves in light elm, basin in white, Ona faucet and Hotels Round accessories in matt black, and Luna Ambient mirror.

Keeping Installation Simple

When everything has a place, the whole room feels different. The toilet module hides the Duplo S system of a wall-hung toilet, avoiding construction and maintaining a visually polished finish throughout the space.

Engineered for Efficiency

The Duplo S, Roca's innovative in-wall installation system, comes included as standard. Highly adaptable and compatible with all Roca toilets, it allows for different configurations. Its cable technology enables fast, tool-free plate assembly, while adjustable flush options help optimise water use. Operating at under 25 dBA, Duplo S delivers quiet, reliable performance for everyday use.

Details Behind the Design

The practical side of bathroom life is handled quietly and efficiently with Delta Modular. Shelves, tall cabinets, and base units keep the room organised and store personal items away, while integrated modules make installation simple and allow you to optimise the layout for a balanced and consistent space.

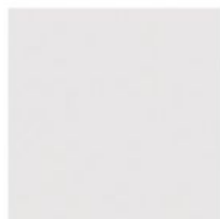

More Finishes, More Options

Colour adds the final, personalising touch to your bathroom. Delta Modular is available in a wide range of finishes, from cool neutrals to warmer tones. Whether you opt for something timeless and subtle or want to bring a little more depth and character to the room, there is always an option that works.

Our Planet Our Home

We are committed to putting people and the planet at the center of every decision we make. Because creating a sustainable future starts with the spaces we live in, and how we produce these spaces is key. That's why we craft products that bring comfort, beauty, and balance to your home, while protecting the planet every step of the way.

Every detail matters: from eco-designing products that last a lifetime to minimizing emissions, using clean energy, and reducing water and resource consumption. We believe that a home - whether our own or the planet we all share - should be a place of wellbeing, harmony, and care. This belief guides our comprehensive approach to sustainability, which involves taking a wide range of actions, such as reusing and recycling more, improving our processes, and ensuring access to water and sanitation for those who need it most, among many other initiatives.

We are committed to taking action for the Sustainable Development Goals as proud members of the United Nations Global Compact.

For over a century, Roca has embodied what it means to feel excellence: a philosophy where quality and emotion meet in every surface, colour and material. Through design, sustainability, functionality and technology, Roca has transformed the bathroom from a purely practical space into a sanctuary of well-being.

This balance between innovation and sensibility is part of Roca's identity. Born in Barcelona, the brand is shaped by heritage and culture, carrying the city's creativity, architectural legacy and Mediterranean lifestyle. Its designs celebrate connection, beauty and refined simplicity. Today, this spirit extends across the globe, with Roca present in more than 170 countries, bringing its vision of the bathroom experience to diverse lifestyles.

Guided by a constant pursuit of excellence, Roca continues to explore new ideas, materials and technologies that enrich daily life while caring for people and the planet. This commitment is reflected in every collection, inspiring people everywhere to live the best bathroom experience.
